

THE FUN'S ALL OVER.

The Annual State Fair Scored a Success in Spite of Rain.

GOOD SPEED EVENTS THE RULE.

The Closing Day was Surprisingly Good, Considering.

SOME OF THE PREMIUM WINNERS.

A Horse-Owner Fined \$100 Yesterday for Unfair Driving—Facing in the Race—Veteran Coun Drives Egion. Raven's Victory a Very Popular Result—General Review of the Week's Exhibitions, Which Came out all Right.

F the weather had been good all this week the attendance at the State Fair would have been as much above any previous record as the enterprise of the managers deserved. As it was, there were very good crowds present each day. Taking the week altogether, it will run considerably above the average. It was estimated yesterday that the attendance for the five days had fallen off one-third from what it would have been under more favorable conditions, and yet in the long career of the association there have not been over two or three fairs which have exceeded this one in attendance. The association will just about come out even on the year's expenses, which is a great deal better than losing money.

Yesterday, the closing day of the fair, the crowd was quite as large as on the average Friday of past years, in spite of the fact that rain was falling when the main crowd was on the way to the fair, and the outlook seemed good for continuous showers the rest of the day. As it was, part of the racing was in the rain. The sky was fair enough for the last half of the afternoon, and in all about 4,000 people were on the ground. The track events were by no means uninteresting, and the spectators had no cause for regret that they were there.

Yesterday Kilo's muscle dance, which has been the main attraction of the Midway all week, was stopped by the police, not because of any special objection to the character of the dance itself, but because the people connected with the side show got into a racket among themselves.

The awards in the floral and horticultural department were announced yesterday. For the greatest variety of vegetables raised by the exhibitor, R. Shields, of Harmon's Creek, Pa., took first prize, John Stoll, of Bridgeport, second, and A. C. Unterzuber, of Bellaire, third.

For the best and largest collection of grain and seeds grown by the exhibitor, W. W. Kirkpatrick, of Cassville, O., took first prize, and August Goetze & Son, of Wheeling, second.

For the best and largest display of apples, pears, peaches, plums, grapes and other fruit grown by the exhibitor, A. C. Unterzuber, of Bellaire, took first, W. W. Kirkpatrick, of Cassville, second, and August Goetze & Son, of Wheeling, third.

For the best collection of plants and finest arrangement, all grown by the exhibitor, Max Hess, of Wheeling Park, took first prize.

For the finest and largest collection of plants not named in the list, in or out of bloom, Franz Laupp, of Wheeling, took first prize, and Mrs. Kate Waterman, of Bridgeport, second.

For the best and largest display of flowers grown by the exhibitor, W. F. Zane, of the Island, took first prize, and Max Hess, second.

For the best and largest display of potatoes, R. Shields, of Harmon's Creek, took first prize, and W. W. Kirkpatrick, of Cassville, second.

It is a gratifying fact to all concerned that their efforts to win the public approval were so heartily appreciated in spite of the drawbacks, and no doubt next year there will be even a greater fair than this.

THROUGH A SEA OF MUD

The Races at the State Fair Yesterday Afternoon Were Run—Haven Captures the Free-For-All Pace in Four Heats. The Other Races.

HE closing day's races at the State Fair occurred yesterday afternoon. The weather could not have been much worse. The rains of the early morning placed the track in bad condition, and the later rain, which came down heavily after the first heat of the opening race, made the track a sea of mud, through which nothing very fine in the way of a speed contest could be run. The rain, of course, kept the people away, not more than fifteen hundred or two thousand people witnessing the races.

The victory of Haven, the black Meadows Farm mare, in the free-for-all pace was the most popular event of the week. The opening heat was captured by Willie Bee, but the black came along in grand style in the next three and won with ease. A large amount of money changed hands as a result of this race.

Billy A., the Canal Dover gelding, had an easy win in the 2:34 pacing race, the second on the card, taking it off in straight heats. Panford was the only other horse that figured at all in the front in this race, except in the last heat, when Flying Simon made a game finish and made the winner pace for all he was worth.

FREE-FOR-ALL PACE, PURSE \$500. First heat—Judge Swing seemed to be the talent's choice, but the brown "un" was not in it to an alarming extent. Willie B. cut out the running and maintained the lead until the back stretch on the second half when Haven came up with one of those hair-raising sprits and was slightly ahead just as they made the upper turn; here, however, the black mare broke badly and Willie B. scored an easy win, Haven second.

Second heat—Haven started in a promising way and was well up at the half, but on the lower turn she broke again and seemed out of it. Collins drove desperately and pulled the black girl up the line in an amazing manner. Coming in the stretch she was even up with Willie and won easily, Willie being pulled up when Rice saw Haven had nipped him. The judges fined Rice \$100 and declared all bets on the heat off.

Third heat—Raven assumed the lead at once and was never reached by any of the other horses, Willie Bee being the only one to make it at all interesting. Egion, as usual, finished in last place.

Fourth heat—This proved the decisive heat of the race. Raven, the popular favorite, cut out a killing pace from the start, and for the first time in the race Judge Swing became a factor taking second place on the back stretch, but not getting dangerously near the flying Raven. Egion, too, improved his position by coming in third. The summary:

Free for all pace, purse \$500. Haven, blk m., by Alcantara, Meadows farm, Pa. 2 1 1 1 Willie B. g. m., W. S. Canal Dover, O. 1 2 2 4 Judge Swing, br. s., by Wilkes Boy, H. C. THE 2:34 PACE, PURSE \$400. First heat—Billy A. found this heat an easy win, Panford being the only horse that was at all dangerous at any stage. Billy won by two lengths.

Second heat—Billy A. repeated his success in this heat and again Panford came in second with Mary S. in third place. It was an easy win for Billy A. Third heat—This was intensely exciting throughout. Mary S. early assumed the lead and kept it at the half with Flying Simon in the place and the favorite, Billy A., third. On the back stretch Mary S. had enough and Billy A. went ahead in a magnificent rush, with Simon on his heels. In the stretch it was a pretty battle but Billy took the heat and race by a length. The summary:

2:34 pace, purse \$400. Billy A., ch. g., by Fred Wilkes, Trussville, Ala. 1 1 1 1 Panford, c. s., J. West & Co., Cadiz, O. 2 2 4 4 Flying Simon, br. s., by Billy Truss, A. BUNNING RACE, PURSE \$200. First heat—Buckdell, the winner of Tuesday's event, had no trouble in winning the first from the largest running field of the week, seven horses starting. Hipponia, who also won one running race, could do no better than fifth.

Second heat—Buckdell captured the heat and race with Myra H. second, and the Wheeling Horse, Eff, in the third place. The summary:

5 mile running, purse \$200. Buckdell, b. g., by Buckra, C. Glendennin, Gallipolis, O. 1 1 1 1 Myra H., b. m., by Charles A. Bradshaw, Lynchburg, Va. 7 2 3 3 Eff, by Imp. NASH'S COMBINATION. The Nash combination gave another enjoyable programme. The first event was the skeleton wagon race in which the team driven by the woman proved the winner. The next attraction was the riders' horse against mounted horses in which the former won. Then the hurdle race came off, three horses finishing not a half length apart. The last event greatly pleased the crowd.

FAIR FACTS AND FANCIES. Brief Bits of Personal and Other General Gossip Picked Up on the Grounds.

The "cat orchestra" did not do a land office business. There was not a robbery reported on the grounds during the fair.

It had not rained the association would have had to wedge the people in with a pile driver.

TREND OF TRADE. R. G. Dun & Co.'s Weekly Review of Business Conditions.

NEW YORK, Sept. 6.—R. G. Dun & Company's weekly review of trade: There is no real reaction in business. Gains which were recognized as temporary, are vanishing, but there remains a decided increase over last year at date, although prices average 8 percent lower than a year ago. It needs no keen observer to see that the reaction against rapid advance of prices is strong. Hides were the first to rise, but a decided break has come. Coke was suddenly raised to \$1.40, but recently sold at \$1.10. Wheat jumped over 20 cents to \$1.40, but is now sold at about 65 cents. Wool was late in rising, but has lost about an eighth of a cent in average price within the past fortnight.

Iron still rises, the miners striking having hindered shipments of ore, but with troops guarding, the ore begins to move. The general tendency to curtail purchases where prices have notably advanced grows clearer in boots and shoes, in wool and some products of iron. The combinations have again advanced prices of bar iron \$2.00 per ton, and of wire nails 20 cents per keg, while Bessemer is quoted at \$17.40 at Pittsburgh, and eastern manufacturers from imported ore have again commenced to supply western consumers. Special cables are the wholly unprecedented bridge building, the continued demand for building in cities and heavy ship building on the lakes. Consumption already hesitates and railroads have not much expanded their demand for rails. Copper is also a shade weaker, with large supplies in tin and 26,300 tons in visible stock, domestic and foreign; and lead, with sales of 1,500 tons domestic.

In the boot and shoe industry many shops are discharging hands, and in woolen manufacture a few works are closing for want of orders. Sales of wool, which averaged over ten million pounds per week when great speculative stocks were being taken, have shrunk to 5,380,500 for the week against 7,557,300 for the same week in 1892.

The brightest feature in all the horizon is the certainty that the crop of corn will be enormous. Frosts now can only affect a small fraction, and the surplus will go into the manufacture of meats, because at 35 cents at New York, nearly four cents lower than a week ago, there is no other profitable use for corn.

The latest reports of wheat threshing indicate the best western judges to raise their estimate of yield over 40,000,000 bushels and with 450,000,000 bushels added to 70,000,000 bushels brought over, the supply will exceed all probable demands.

Atlantic exports have been only 1,347,352 bushels, flour included, against 2,709,800 last year. Pacific shipments continue large.

Fairness for the week have been 185 in the United States, against 219 last year, and in Canada 38, against 47 last year.

A Young Murderer. GRAND JURY, Mich., Sept. 6.—May Pierce, a thirteen-year-old girl, was found guilty of manslaughter this morning, the jury having been out twelve hours. The child was accused of being an accomplice of George Cheesbro, aged eighteen, in the murder of her mother on July 8. Cheesbro was convicted of murder at the last term of court and is now serving a life sentence.

Scrofula in the Eyes. As well as in every other form, is permanently cured by Hood's Sarsaparilla.

"I had scrofula in my eyes and tried several physicians but found no cure. My wife persuaded me to try Hood's Sarsaparilla. I had a choking sensation, was troubled with night sweats, and had dyspepsia in very severe form. After taking Hood's Sarsaparilla two weeks the choking spells and dyspepsia troubled me less. I have now taken several bottles of Hood's Sarsaparilla and find that I am entirely cured."
